

**Rowan College
of South Jersey**

Policy: 6203
Title: **TUITION AND FEES**
Area: Finance
Approved: 07/01/19

Tuition and Fees are adopted annually by the Board of Trustees after a review of available state and county funds as well as estimates of student enrollments.

Tuitions and state and county contributions are allocated across the entire budget to support salaries, benefits, facilities, and general operating expenses.

General service fees and comprehensive fees are a required per-credit revenue used to support, in part, approved student clubs and organizations, the Student Activities Office budget, inter-collegiate sports, student support services, and technology needs.

Capital fees are used exclusively to support the maintenance and repair of facilities.

The allocation of available resources is discretionary in nature and not formula driven and, therefore, department budget requests are considered on a case by case basis.

All expenditures, regardless of source of revenue, are subject to the College's policies, procedures, and annual audit review.

No funds may be used to support organizations or individuals that are not duly authorized constituencies of the College.

Nothing precludes the Board of Trustees from amending the fee schedule, as necessary.
