

**Rowan College  
of South Jersey**

Policy: 4005  
Title: **ONLINE PROCTORING**  
Area: Innovation and Technology  
Approved: 07/14/20

In order to prepare for situations in which the College's campuses are physically closed, all courses, regardless of modality, must be able to make use of the College's licensed online proctoring software platform. Because online proctoring software has specific technical and hardware requirements, all students will be made aware of these requirements at the time of registration.

It is not required that faculty make use of online proctoring; it is only mandatory that all courses be approached with the understanding that online proctoring may be used.

Administrative procedure will be developed to provide additional information regarding online proctoring.
