

**Rowan College
of South Jersey**

Policy: 5107
Title: **STORMWATER REGULATION COMPLIANCE**
Area: Facilities
Approved: 07/01/19
Reaffirmed: 01/21/25

Stormwater and nonpoint sources are the major remaining sources of water pollution in New Jersey. As a public complex, the College acknowledges its responsibility to comply with the applicable rules of the New Jersey Department of Environmental Protection's Municipal Stormwater Regulation Program.

The College, in accordance with New Jersey state requirements and regulations, has an approved plan on file in the Buildings and Grounds Department to address sources of stormwater and nonpoint source pollution, as follows:

- Unauthorized Connections to the College's Storm Sewer;
- Pet Waste;
- Litter Control;
- Wildlife Feeding Control;
- Improper Disposal of Waste Materials; and
- Refuse Containers and Dumpsters.

The Public Complex Permit is acquired annually and renewed through the State of NJ.
