### BEHAVIORAL SCIENCES AND LAW & SOCIAL JUSTICE DIVISION

#### [SOC.SERV.AS; CIP Code 44.0701]

#### Associate in Science (A.S.) – Transfer

In today's fast-paced, complex society, there's a vital need for compassionate, professional social workers. This program taps into your natural ability to interact with others, and that capacity is refined into a valuable skill with rewarding professional opportunities. You'll receive the practical and theoretical education necessary for success, professionally or at a four-year college. The U.S. Department of Labor indicates that social worker jobs will be particularly abundant during the next decade. This will be especially true in New Jersey due to the state's older-than-average population and its growing popularity as a retirement area. This program allows students to tap into their natural ability to interact with others, and that capacity is refined into a valuable skill with rewarding professional opportunities. Students receive the practical and theoretical education necessary for success, professionally or at a four-year college.

#### **Program Learning Outcomes**

Upon Completion of this program, students should be able to:

- Demonstrate a knowledge and acceptance of social work values and ethics.
- Describe the social workers' role within the social service field.
- Implement a multidisciplinary approach to problem solving intervention.
- Locate, retrieve and critically evaluate information and information sources related to the profession.
