MU 112 Sight Singing and Ear Training I

Syllabus

Lecture Hours/Credits: 2/2

Catalog Description

This course is designed for students who plan to major in music. It begins with an introduction to musicianship to help students learn to read music with a particular emphasis on the basic skills of reading music at sight and the mental recognition of phrases and melodies so they can be transcribed to staff paper. The course includes singing and dictation of rhythms in simple and compound meters, scales, and diatonic melodies; study and analysis of representative music literature are also included.

Textbook and Course Materials

It is the responsibility of the student to confirm with the bookstore and/or their instructor the textbook, handbook, and any other materials required for their specific course and section.
