- Dental

## Celebrate Career & Technical Education Month with RCSJ!

Join RCSJ CTE for Career & Technical Education Month this February 2025! We'll be hosting a variety of events, including workshops, open houses, and information sessions that showcase our innovative training programs.

The celebration kicks off with our Open House events on February 4 at Cumberland and February 6 at Gloucester.

For our complete calendar and details on all CTE Month offerings, visit [www.rcsj.edu/cte/CTEmonth](http://www.rcsj.edu/cte/CTEmonth).

## How to Register

Ready to start? Our classes are in high demand and space is limited, so don't miss out on the opportunity to learn with us. Enroll today!

## ALLIED HEALTH

Allied health careers present a wide array of opportunities for those eager to make a meaningful impact in healthcare. Our programs are designed to provide you with the essential skills and knowledge needed to thrive in this rewarding sector, while also enabling you to earn industry-recognized credentials that enhance your career options.

### Featured Programs

- Certified Nursing Assistant (CNA)
- Central Service Technician
- Medical Billing & Coding
- Pharmacy Technician
- Phlebotomy Technician
- Advanced Imaging Programs
- Emergency Medical Technician (EMT)
- and **MORE**

## PROFESSIONAL DEVELOPMENT

Continuing education and career training programs offer excellent opportunities to gain new skills and deepen your knowledge in your field. Think about enrolling in courses, attending workshops, or pursuing a certificate to boost your expertise and advance your career.

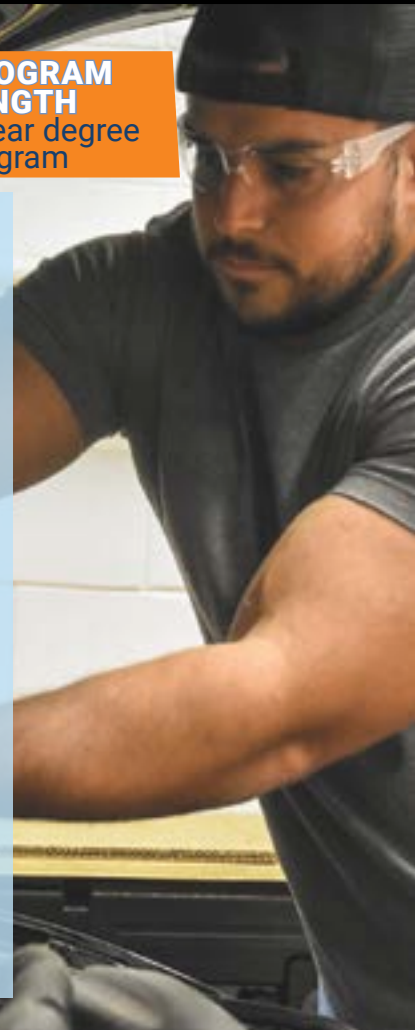

### Featured Courses

- Leadership Development
- Bookkeeping
- Loan Signing Agent
- Notary Public

### Ford Asset Program

**PROGRAM LENGTH**  
2 year degree program

The Automotive Technology program, a collaboration between RCSJ, Gloucester County Institute of Technology, and Ford Motor Company, offers a 24-month ASSET curriculum. Students receive technical training on Ford products alongside liberal arts courses and gain hands-on experience through paid internships at Ford/Lincoln dealerships. Upon completion, they earn an Associate in Applied Science (A.A.S.) degree.

## Certified Patient Care Tech

**PROGRAM LENGTH**  
less than 3 months

The Patient Care Technician Program teaches the technical skills necessary to service complex patient personal care issues. With your support, patients can get through the rough days of being sick or injured at the hospital. The Certified Patient Care Technician program will provide students with a solid foundation, combining theory learned in the classroom with hands-on practice via clinical rotations.

## VETERINARY & ANIMAL CARE

Explore our comprehensive Veterinary and Animal Care courses, designed to provide students with an education in veterinary science and technology. Students will be equipped with the skills needed to provide essential care for a variety of animals and learn about animal anatomy, physiology, nutrition, and health. Our program will empower you to make a positive impact in the lives of animals.

### Featured Programs

- Veterinary Assistant
- Pet First Aid

## CORPORATE TRAINING

Our Corporate Training programs empower employers to upskill their workforce, boost employee retention, and enhance overall company performance, ensuring a strong return on your training investment. We collaborate with small businesses, non-profits, and major corporations to provide training at the worksite, online, or at our various training locations.

### Featured Programs

- No cost basic workplace literacy trainings
- Incumbent Worker training
- Customized training solutions

## Community Health Worker & Peer Recovery Specialist

**PROGRAM LENGTH**  
6 months

The Community Health Worker & Peer Recovery Specialist programs equip students to assist individuals with diverse healthcare requirements, such as substance use, medical and behavioral health referrals, housing and food assistance, transportation, and more. The program provides tuition-free education, recognized certifications, and practical skills training.

*These programs can be pursued individually or as a combined offering.*

# HOW TO REGISTER

Ready to start? Our classes are in high demand and space is limited, so don't miss out on the opportunity to learn with us. Enroll today!

## ADVANCED MANUFACTURING

The world of advanced manufacturing is rapidly expanding, and we offer comprehensive programs in Industrial Maintenance, Welding, and software bootcamps to help you acquire new skills and advance your career. With our programs, you'll learn from industry experts, gain hands-on experience, and earn industry-recognized credentials that can unlock new opportunities for career growth. Take the first step toward a rewarding career in advanced manufacturing by enrolling in our programs today!

### Featured Programs

- Welding
- AutoCAD
- Programmable Logic Controller (PLC)
- Industrial Maintenance Technician
- CNC Operator
- Certified Production Technician

## RENEWABLE & SUSTAINABLE ENERGY

The demand for specialized expertise in renewable and sustainable energy is growing. CTE programming can provide you with the necessary knowledge in renewable energy and sustainability, along with project development and leadership skills.

### Featured Programs

- Intro to Waste & Wastewater Treatment
- Advanced Wastewater Operations
- Industrial Wastewater Treatment
- Wastewater Collections
- Energy Industry Fundamentals
- Solar Photovoltaic
- Global Wind Organization Basic Technical Training

### Certified Clinical Medical Assistant

**PROGRAM LENGTH**  
9-12 months

Certified Clinical Medical Assistants (CCMA) help doctors by performing a variety of clinical and administrative duties. Our CCMA program equips students with the skills necessary to take their national credentials and work in a hospital as a CCMA professional. Unlock a variety of career paths and make a meaningful contribution to the healthcare sector—register today!

## Direct Support Professional

**PROGRAM LENGTH**  
6 months

Become a Direct Support Professional (DSP) to assist individuals with disabilities in various settings. Our program includes a DSP Career Development Certificate in 8 months, with options for college credit or a Certified Nursing Assistant Certificate.

**GRANT FUNDED TRAINING!**
